

# Kanopy for JGRLS

Kanopy has a large, diverse collection of films, including foreign language, independent, and documentary titles, that you can instantly borrow from JGRLS to enjoy from your computer, tablet, TV, or smartphone!

Both Kanopy and Kanopy Kids are available with unlimited access. Films will automatically "return" themselves at the end of the loan period.  
Always available, no holds, no overdue fines!

## Accessing Kanopy via a Browser

You can access Kanopy using Libby, which is available on a computer as well as mobile devices.

Log into your Libby account by entering your library card number and pin.

On the page that opens, **scroll down** to Extras. **Find Kanopy** and tap **Get**.

Then tap **Open**.

Now you can enjoy movies and shows on Kanopy!

## Checking Out and Enjoying Films with Kanopy

- Once you are logged in, you may want to look around.
  - In the top-left corner, you can find films by genre or "Featured" lists with "Browse", or by using the "Search" feature.
  - View your account information or logout under your name in the top-right as well.

- Hover over a film tile to learn more about that film. You can go to the film's page by clicking "See More".
- You can also add videos to your "Watchlist" for later. This is a great feature to use if you want to watch all the episodes in a The Great Courses course; just add the course to your Watchlist, and then you can easily navigate back to it to watch a different episode. Your Watchlist can be found through "My Lists" at the top of the page.
- If you'd like to check out a film, simply select "Play" from that film's "See More" page and wait for the video to fully load and begin playing.
- You do not need to return a title; it will return itself after the loan period.
- Titles you have watched will appear in your "Continue Watching" list.

## Kanopy Kids

- You can switch to the Kanopy Kids site by clicking the "Kids" link in the upper right corner.
