Jackson-George Regional Library System Enhances Learning Resources with Adventure Academy and Scholastic Teachables

Jackson-George County, MS – October 2024 – In response to requests from our recent needs assessment, the Jackson-George Regional Library System is excited to announce two valuable new resources now available for home schoolers, teachers, and families alike: Adventure Academy and Scholastic Teachables. Adventure Academy picks up where ABC Mouse leaves off, offering a fun, educational adventure game that continues the journey of learning in an engaging way for students. With this online resource, children can explore a world full of learning activities designed to enhance core subjects like math, reading, and science in an interactive game setting.

For more information on Adventure Academy, visit: <https://www.adventureacademy.com/home-check-out> or visit <https://jgrls.org/e-resources/> to access the site.

Additionally, Scholastic Teachables provides access to over 30,000 grade-level worksheets for Pre-K through 8th grade. With resources covering subjects from arts and crafts to common core math, teachers and home schoolers can easily log in, print, and utilize materials without worrying about copyright restrictions—as long as they don't resell the materials.
